

Morton Plant Mease MEDSpecialist Imaging
Dunedin, Florida

Photography by: George Cott

Project: MRI/PET CT build-out

Size: 4,500 SF

Special Features: A unique mosaic-walled entry portal introduces visitors to the comforting spa-like atmosphere that was designed to put patients at ease. A waterfall in the lobby, comforting lighting, and dark and light wood tones are all features that add to the atmosphere.

Project Details: CDP provided complete interior architectural and interior design services including furniture, fixtures, and equipment.
