

Azure at Emerald Bay
Great Exuma, Bahamas

Project: Condominium hotel

Size: 163,000 SF

Special Features: Five buildings house 73 residences. An amenities building provides a clubhouse, spa, and restaurant for both guests and residents. The main attraction is a spectacular pool with cabanas, dining tables, infinity edge, water features, and a swim-up bar.

Project Details: CDP will provide complete architectural and interior design services including master planning. The project is currently in the schematic design phase.
